## Brewed with Rocky Mountain Water.

## ***Love from the Community***

### ***"The new branding***

has given a new life to the Molson Coors look. I got tired of seeing the same red, white and blue when I'm drinking my favourite beer, Coors Light. I love the colours!"

- Jimmy D, London

### ***"I never liked beer***

all that much. But Coors Light is easy to drink, and popular with all of my friends! Plus, the new colours are fun and they make it easy for us to tell whose drink is whose!"

- Sarah M, Scarborough
